In another column you will notice proceedings of a meeting of several Blue Grass farmers who seem determined to have the stock law enforced in that section. All laws are useless if not enforced.

Some of the enterprising merchants of town had the streets around their stores swept, which caused a wonderful improvement in the appearance of the same. We suggest that this be done quite often.

Waynesboro Notes in Argus: Prof. Frank L. Chew has been giving a series of lessons in bicycling on Mulberry street this week. One of his most promising pupils is his brother, W. K. We have secured the agency for the Buckeye Mower for this and Blue Grass districts, and would be pleased to have parties in need of a machine call before purchasing. We will have a machine on exhibition at our place of business in a few days.

ORNDORFF & WHITELAW

We believe it is generally known in the county now that Mr. V. B. Bishop, who was sick for several days, was not a victim of small-pox as was reported. We are glad to state that Mr. Bishop is able to attend to his large business in the store again, and those who may doubt can come and look for marks. We understand this report was started by a country merchant to keep trade away from town.

Mr. Amos Hiner was in town today on business.

CORRESPONDENCE.

Williamsville Notes.

Messrs. McC. Byrd and Thomas McClintic have returned from the University of Va. They report a large attendance at this old and famous school.

Mr. Thomas B. Wallace celebrated his 83rd birthday on the 8th inst. Quite a number of his relatives and neighbors were invited to partake of a sumptuous dinner with him. He is still quite strong and active, and it is the wish of his numerous friends that he may have many such pleasant birthdays yet to spend with them.

The young men of this section are making arrangements for a tournament and dinner to be given on the 4th of July. The proceeds are to be used for providing the foot-ball team with uniforms. We hope that we may have many of our Highland friends with us on that day.

We are looking forward with pleasure to the arrival of Rev. Mr. Howard, the evangelist, in our midst. He will find a great work awaiting him here.

Master Clarence Byrd has been quite unwell for several days with a bad case of tonsillitis and is no better at the time of this writing.

Miss Laura Loving is expecting the arrival of her sister's son, Mr. Glenn Massey, of Roanoke, tomorrow. This young gentleman will spend several weeks in this vicinity.

Miss Gertrude Hull has returned from Washington much benefited by her stay. Her aunt, Miss Sarah Hull, returned several weeks before Miss Gertrude's arrival here.

Mr. B. Fultz, of Staunton, who is spending the summer with his uncle, Mr. Fred Fultz, at Ft. Lewis, will ride in the tournament to be given on the 4th of July; so will Messrs. Wallace, McClintic, Byrd, Ervine, Canthorne, Gum, &c.

STANISLAUS.

Green Bank Items.

GREEN BANK, W. Va., June 11.—We are having finer rains and vegetation is growing nicely. It seems that small grain is not much hurt by the freezing.

Porter Kerr, who was crippled by a tree falling on him at Davis, W. Va., some time ago, is better now.

We had a sensation a few days ago. Mrs. Elizabeth Hughes, nee Diner, was arrested by Constable C. P. Kerr and brought before Justice Wm. L. Brown, charged with cutting the throat of one of her neighbors horses. No one saw the act, but it was proved by several witnesses that she had threatened this very thing. She got clear by executing a small bond in substance to the effect that she must desist from cutting any more horses' throats.

A fitting monument will be erected to the memory of Rev. E. F. Alexander.

Rev. Howard's Meeting at Franklin.

FRANKLIN, W. VA., June 5.—At the close of the meeting conducted by Evangelist C. M. Howard at this place 44 persons, mostly adults, came forward and gave their names to unite with the Presbyterian and Methodist Churches here, and a number of others are expected to do so. This includes nearly all the young men and young ladies in town.

In large attendance and results this meeting, it is said, surpasses any before held here. Mr. Howard is now holding a meeting at McDowell.

Meeting of Land Owners.

At a meeting of the land owners of the Headwaters of Jacksons river in Highland county, on the 8th day of June, 1895, at Meadow Dale Virginia.

Present: Peter Gum, H. H. Slaven, James A. Fleisher, O. A. Stephenson, Wm. G. Rodgers, L. H. Stephenson, S. C. Slaven, J. W. Hevener, C. T. Fleisher and W. W. Gum.

On motion, L. H. Stephenson was called to the chair and Peter Gum elected as Secretary, when the object of the meeting was explained to be this: To take some action in relation to the stock running at large in the public roads in Blue Grass district south of the Staunton and Parkersburg turnpike road; when the following resolutions were adopted, to wit:

Whereas, upon the petition of most of the citizens of Blue Grass district, the stock law was adopted by the Board of Supervisors, of this county, in that part of Blue Grass district lying south of the Staunton and Parkersburg turnpike road as far as the residence of Peter Gum and the Back Creek mountain on the west, so that no cattle, horses, sheep or hogs can run at large outside of the lands of the owner of such property; and whereas such law has been in force for some time and yet property is now running at large in the public roads in violation of the laws of this State, therefore be it resolved:

1st. That the owners of all such horses, cattle, sheep or hogs be requested to keep their property on their own lands and that all such persons be allowed ten days from this time to remove said property from the public roads of this district.

2nd. That unless said property is removed from the public roads of this district within the ten days as above stated and kept from running at large in said roads, that then we pledge ourselves to at once invoke the aid of the trespass laws of this State against the owners of all such property and press the law with all its force until such property is removed.

3rd. That a copy of these resolutions be published in the HIGHLAND RECORDER for one week.

On motion, the meeting was adjourned sine die.

PETER GUM, Sec'y.

The "fads" of society are on the increase. They seem to be trivial, but they are not. Every movement has its consequence. The "fad" of beer drinking may look trivial. It is followed by the "fad" of kidney disease, as a direct consequence. And that is not trivial. That means the grave and is solemn. The situation would be truly alarming and threaten the extinction of the race were it not for two things.

1. There is always hope of reformation in the hearts of the people. When the dangerous increase of kidney disease is sufficiently sounded, there will be reform. This will assure future generations.

2. As to the afflicted of to-day, a knowledge of Dr. Finner's Kidney and Backache Cure will restore all who are afflicted enough to resort to its use before it is too late. Also cures female weakness, heart disease, rheumatism and all blood diseases. It will neither deceive nor disappoint. If in need take a bottle home with you to-day. Delays are dangerous. Money refunded if satisfaction not given.
